

Saab Grintek

NETWORK SYNCHRONISATION SOLUTIONS

Saab Grintek Technologies has for many years been in the forefront of providing Synchronisation solutions to operators for their customers. Together with its partners and suppliers the company offers:

- Synchronisation Solutions for Wireline and Wireless networks including IP-based and NGN network elements
- Synchronisation Solutions for Power Utility networks
- Planning and integrating Synchronisation solutions in networks
- Support services with technical support based in various locations in Africa
- Laboratory environments for demonstrations, testing and product evaluations.

SUCCESS STORIES

1. Symmetricom Synchronisation solutions have been provided and integrated into every major operator in South Africa.
2. Network wide Symmetricom solutions have been implemented for telecommunication operators in Nigeria.
3. The vast majority of the synchronisation solutions in the networks in South Africa, Nigeria and to a lesser extent in Sub-Saharan Africa have been provided and supported by SGT. Solutions from Symmetricom are found in just about every operator in Africa.

Saab Grintek

SAAB GRINTEK TECHNOLOGIES

Saab Grintek Technologies (SGT) is a telecommunications company offering a comprehensive range of end-to-end services and solutions to operators, OEMs, enterprise and governments. We specialise in integrated, leading edge and comprehensive solutions across the entire spectrum of telecommunications. Our company's vision is to be the innovative systems integrator of choice for telecommunications solutions.

Utilising expertise from all our divisions, where necessary, and in conjunction with our partners, we are able to offer any combination of:

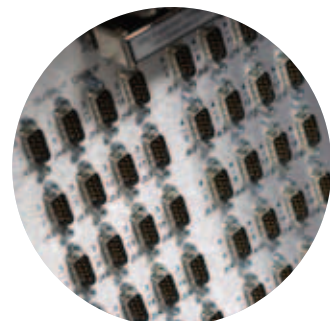

- Technology strategy and network consulting
- Wireless and wireline core and access transmission
- End-to-end turnkey network solutions from concept to deployment and support
- Managed services including partial or complete outsourcing and out-tasking of entire networks or sub-sectors
- Planning, installation, commissioning, integration and optimisation

- Programme / project management skills relevant to the industry
- Generic and specific training in telecommunications in general, as well as specialised training on equipment from respective OEMs
- Power solutions and efficiency optimisations to reduce power usage on the overall power grid

“YOUR PARTNERSHIP TO TELECOMMUNICATIONS SUCCESS”

The company has been in the industry for over 20 years and has its headquarters in Centurion in South Africa. SGT has built up a solid reputation in the industry for delivery and consistent, measureable value add to its customers.

The company has been *ISO 9001:2000* accredited for 11 years through DEKRA and will be implementing the latest *ISO 9001:2008* accreditation and boasts industry proven processes and procedures.
